

## Arya Vidyapeeth College (Autonomous)

আর্য্য বিদ্যাপীঠ মহাবিদ্যালয় (স্বায়ত্ত শাসিত)

Arya Nagar, Guwahati -16

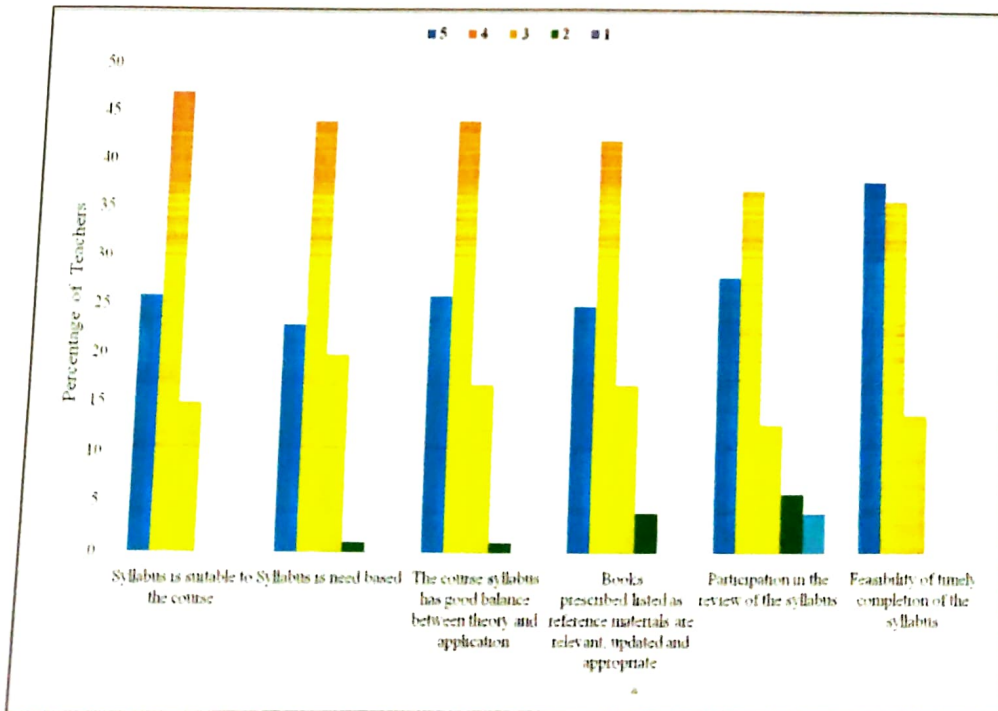

Re-accredited 'A' Grade by NAAC

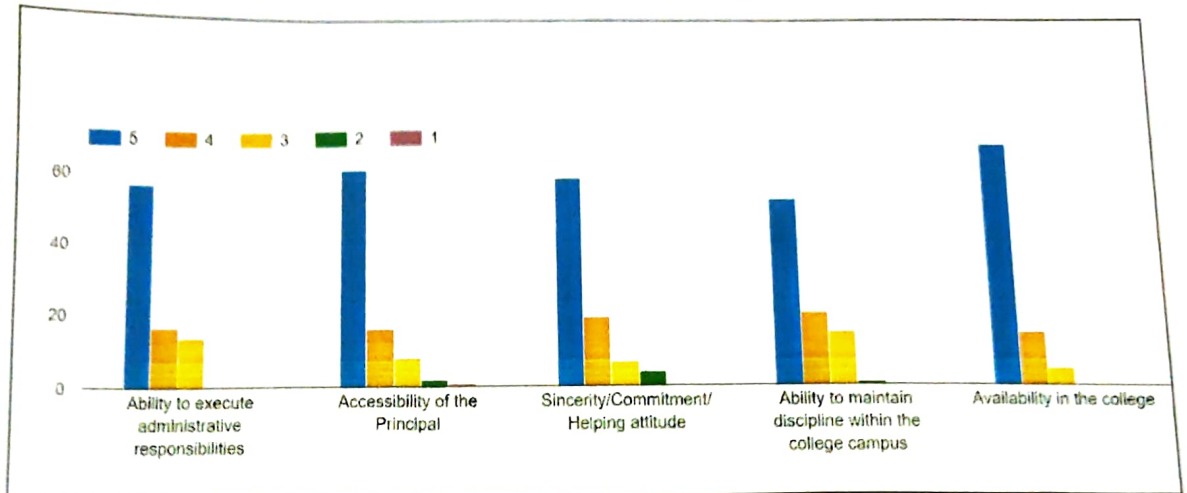

### Evaluation of feedback from teachers (2022 - 23)

The role of faculty in designing and developing of curriculum is one of the most prominent one in the development of any institution. A feedback from the faculty pertaining to their satisfaction in modeling of a curriculum plays a pivotal role in establishing the importance of an educational institution in the society. Also the teachers feedback expressing their satisfaction with the quality of infra-structure and other facilities provided is of utmost necessity for the progress of an institution. So, the feedback from teachers was taken in online mode by preparing a set of questions in Google Form. This feedback would help in the process of self-introspection and preparing a future road map for the college. Following is the report of feedback and action taken by the college: The feedback was taken in a scale of '5' which indicates 'Excellent' and '1' indicates 'Poor'.

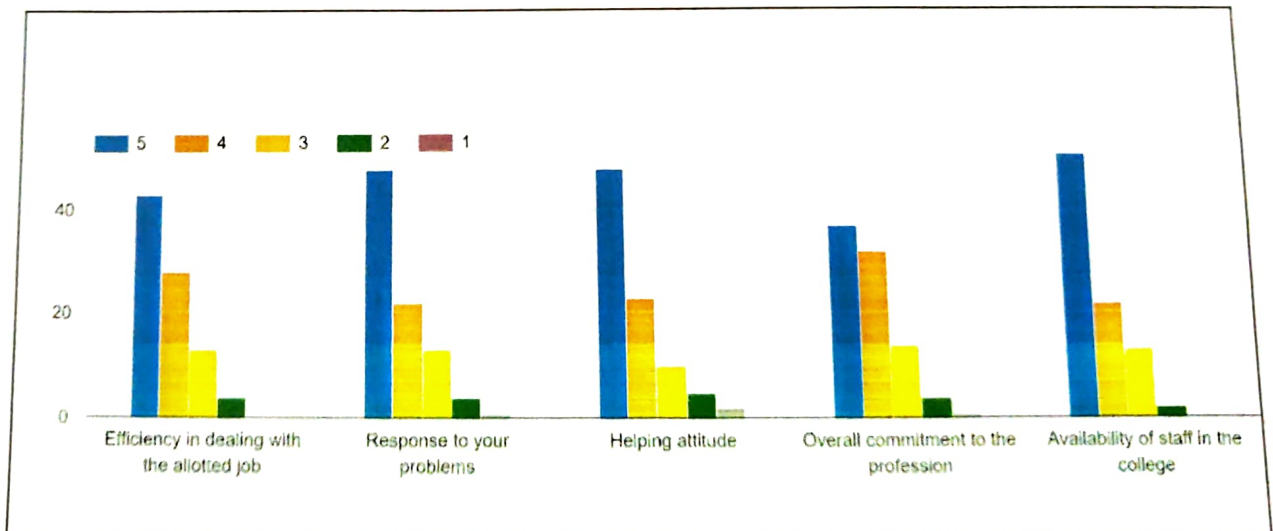

#### 1. Feedback on course curriculum:

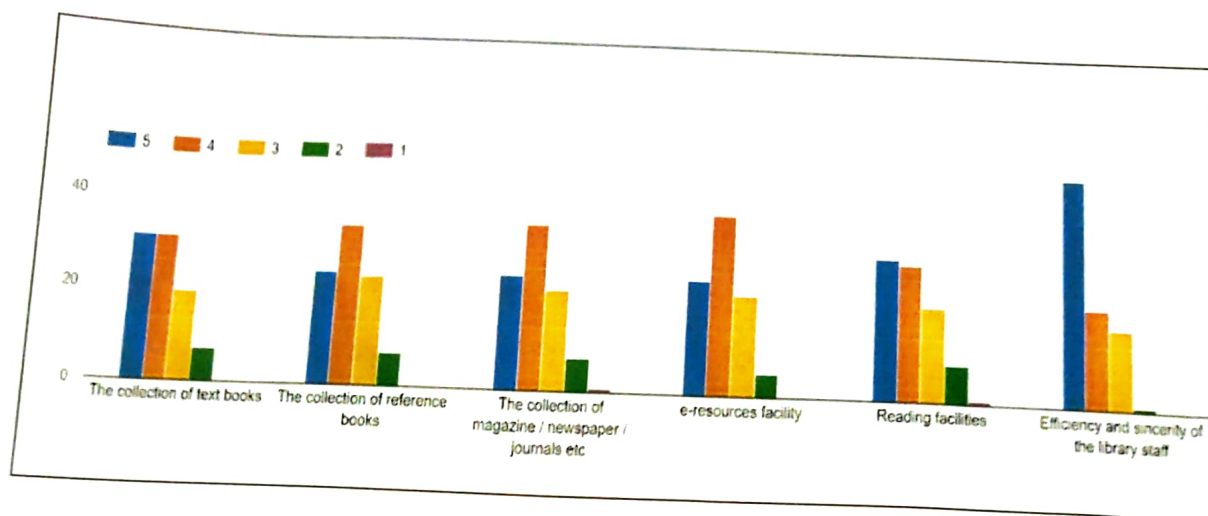

## 2. Feedback on the Principal:

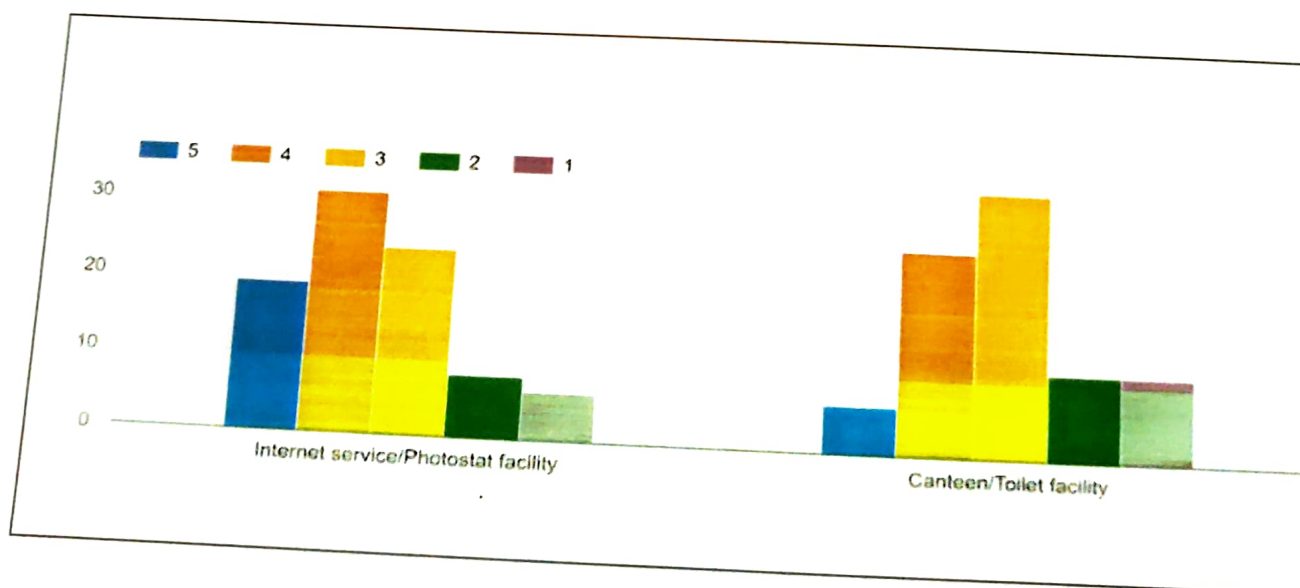

## 3. Feedback on office:

#### 4. Feedback on library:

#### 5. Feedback on other facilities :

#### 6. Suggestion for overall quality improvement of the college :

- Bulk message delivery to update and inform about programs/courses/important notices going on in the campus.

- Skilled Bio-informatics Cell
- Every alternate day cleaning of the toilets and dustbins in campus.
- No Teachers Common room
- A reading room in the department would be helpful in carrying out research work.
- More washrooms/toilets/wash basins are needed
- A wash basin is also needed near the department after using chalks or for other matters too. Absence of this facility make us walk long distances and climb stairs to wash hand after each class which consumes time too.
- Infrastructure wise there has been a substantial fillip. Although there are fund issues, however I would request the College authority to strive for excellence in the infrastructure. The new auditorium has very well developed facilities. But it should have been at least carpeted or tiled. Such small issues if addressed would go a long way in making the college a true centre of excellence.
- Need a staff common room and teacher reading room in library.
- Need to upgrade college library with more books
- Separate Cabins for the faculty members would facilitate productive academic work
- Equal distribution of the workload and necessary affairs management among the concerned stakeholders of the college fraternity.
- Still lots of scope for infrastructure development
- Administration is sincerely putting efforts for development of college
- Departmental facilities should be improved.
- Division of labour not satisfactory.
- Excellent.
- Need to be improved in canteen facility. Need a lift...
- Overall, the College is seen to be making steady progress. I do have one suggestion. I would like to suggest that the student teacher ratio be considered in order to make classroom

interactions between teacher and students more fruitful, especially for the Major classes. A reasonable ratio would make it feasible to maintain discipline in class besides helping teachers pay more particular attention to the needs of each student.

- Feedback on librarian can be added.
- More journals need to be subscribed.
- Central Instrument Facility should be arranged. Indoor stadium and improved auditorium are required in the College.
- Every decision about the administration must be taken democratically and rules have to be followed properly with equality.
- Wash basin is needed in the 1st floor of new arts block.
- Need to be increase the no. of 4th Grade Stuff, specially Sweeper
- Introduce Innovative infrastructure and Technology

### **Overall Feedback Analysis:**

Analysis of the feedback highlighted the following points. The faculty had a positive opinion on the syllabus was suitable to the course prescribed and was also need based. They appreciated that the syllabi had good balance between theory and application and they also stressed that there was clarity in the aims and objectives of the syllabi. They also opined that the structure of the syllabus was such that it can be completed in time. The faculty of the college highly rated the Principal on various parameters for which opinion was sought. The teachers expressed their satisfaction highly on the quality of college office and library. Overall response from the teachers indicated moderate to high level of satisfaction with the quality of infra-structure and other facilities provided except the need to increase the number of clean and hygienic washrooms/toilets. Regarding the canteen facility of the college the teachers felt that there is a lot of scope for upgradation.

### **Action taken report:**

- The college has restructured its course and syllabus within the permissible limits of UGC while implementing NEP, 2020 by holding BoS of the respective departments.

- Steps like organising training programmes on soft skills etc are being initiated to improve the efficiency of the office staff further after having a discussion with the Principal.
- The collection of text books, reference books, magazines etc of the library shall be enhanced further. The library has its own portal and is completely digitized.
- The College library is also registered under N-LIST programme under UGC-Infonet Digital Library Consortium and also has plans to register in more such platforms.
- The speed of internet connection has been revamped to 300 MBPS. The process of converting the entire college campus into wifi zone is being carried out.
- There is a plan to buy more photostat machines and the facility shall be offered in a subsidised rate.
- The canteen committee reviews the quality, variety and prices of items sold in the college canteen every week.
