ASSESSMENT AND EVALUATION

OF

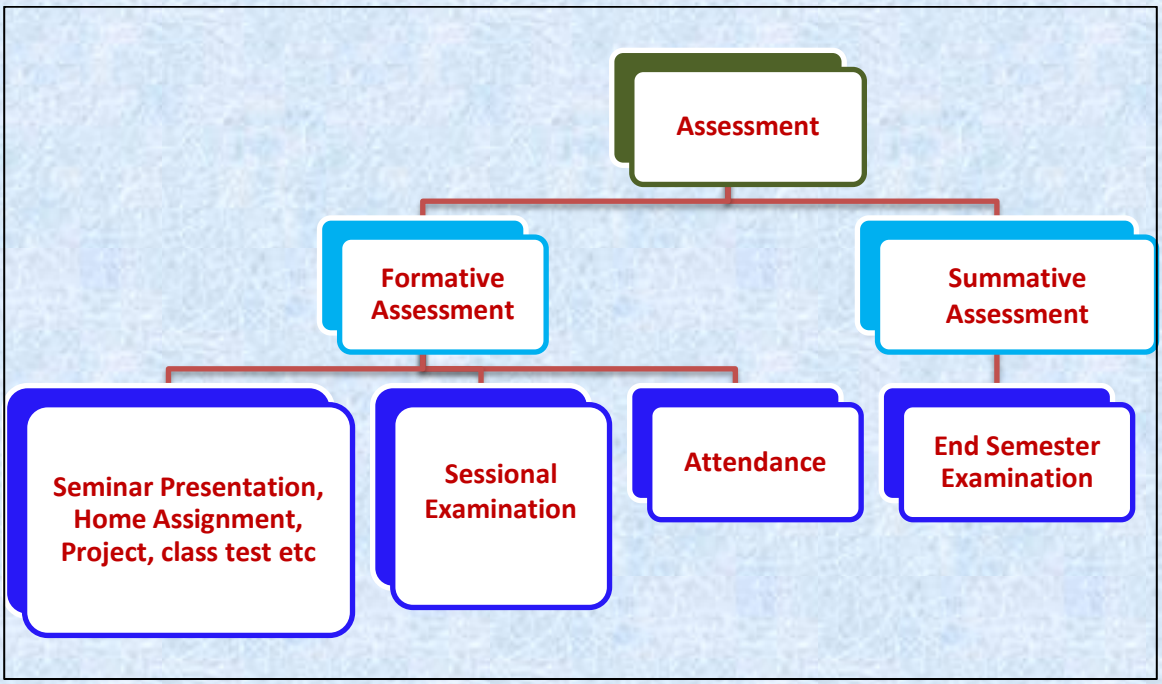

POST GRADUATE PROGRAMME

UNDER NEP, 2020

ARYA VIDYAPEETH COLLEGE (AUTONOMOUS)
ARYA NAGAR, GUWAHATI – 16

Approved by Academic Council Meeting by Resolution No. AC – 07/2026/02
Dated: 20 – 06 – 2026

Assessment and evaluations are important tools for designing curriculum and instructional approaches as per need of students. The assessment module adopted by Arya Vidyapeeth College (Autonomous) is shown below:

FORMATIVE ASSESSMENT:

SESSIONAL EXAMINATION (SE): This examination will be a descriptive test. This test shall help to evaluate the progress of a student and can identify subject areas where the student may need to improve.

CONTINUOUS COMPREHENSIVE EVALUATION (CCE): This is done by means of home assignment, seminar presentation, project, class test etc

ATTENDANCE (AT) : The following criteria will be adopted for awarding marks under attendance:

a) Class attendance below 75% ..... 0 mark.
b) Class attendance from 75% to 80%..... 1 mark.
c) Class attendance from 81% to 85%..... 2 marks.
d) Class attendance from 86% to 90%..... 3 marks.
e) Class attendance from 91% and above..... 4 marks.

SUMMATIVE ASSESSMENT: The summative assessments are administered at the end of a unit or course. These assessments focus on the outcome and are more formal which take the form of exams or projects. Summative assessments provide a final evaluation of student learning.

SCHEME OF EVALUATION:

For evaluation and for setting of question papers each credit will be taken to be equivalent to 25 marks.

The evaluation of the students shall be done under the following wherever applicable:

i. Theory Component
ii. Theory and Practical Component

- The ratio of formative(internal) and summative(external) assessment in theory component is 40: 60
- The ratio of formative(internal) and summative (external) assessment/evaluation in practical component is 20: 80

Table 3: Grade Point table (Absolute Grade)

Sl. No.	% marks	Grade point	Letter grade
1	91 – 100	10	O (Outstanding)
2	81 – 90	9	A+(Excellent)
3	71 – 80	8	A(Very Good)
4	61 – 70	7	B+ (Good)
5	51 – 60	6	B (Above Average)
6	41 – 50	5	C (Average)
7	40	4	P (Pass)
8	< 40	0	F(Fail)
9	Absent	0	Ab (Absent)

Computation of SGPA and CGPA

SGPA (S_i) = $\Sigma(C_i \times G_i) / \Sigma C_i$

where C_i is the number of credits of the i^{th} course and G_i is the grade point scored by the student in the i^{th} course.

CGPA = $\Sigma(Ci \times Si) / \Sigma Ci$

where S_i is the SGPA of the i^{th} semester and C_i is the total number of credits in that semester

MINIMUM FOR A PASS

No candidate shall be declared to have passed the Semester Examination as the case may be under each course/paper unless he/she obtains not less than 40% of the total marks comprising of formative and summative assessment (theory and practical component) taken together with corresponding letter grade P and CGPA 4.0 in aggregate.

DECLARATION OF RESULT:

1. The declaration of result is based on the Semester Grade Point Average (SGPA) earned towards the end of each semester or the Cumulative Grade Point Average (CGPA) earned by completing all the four semesters of the programme.

2. The results of the candidates who have passed the last semester examination but not passed the lower semester examinations shall be declared as "with-held". Such candidates shall be eligible for the degree only after completion of all the lower semester examinations.

3. If a candidate fails in a course/paper, either in theory or in practicals, he/she shall appear for that course/paper only and in theory or practical as the case may be at any subsequent regular examination. He/she must obtain the minimum marks for a pass in that subject (theory and practicals) as stated above.

4. The Candidates needs to take admission in every odd semester progressively till the completion of the programme. A candidate needs to complete the Post Graduate programme within four years from his/her date of admission to the programme.

BETTERMENT OF RESULT:

a. A candidate who has passed in all the papers of a semester may be permitted to improve the result by reappearing for the whole examination or a particular paper of that semester.

b. If a candidate passes in all the subjects in reappearance, higher of the two aggregate marks secured by the candidate shall be awarded for that semester. In case the candidate fails in the reappearance, candidate shall retain the earlier result.
